## GUMNUT FENG SHUI

Create unique features with the Coin Paver & the Giant Round Coin.

Available in the Gumnut Paver colour range.

Style	Size (mm)
Coin Paver	500x500x40
Giant Round Coin	800 diameter x 50

## GUMNUT RANDOM ROCK

These irregularly shaped steppers are ideal for paving or stepping stones.

There are approximately 6 pieces per square metre.

Available in the Gumnut Paver colour range.

## GUMNUT SLEEPERS

We offer a range of sleepers that are ideal for pathways, steps and retaining walls. All sleepers come with galvanised steel reinforcing bars suitable for retaining walls. Available in the Gumnut Paver colour range and the following textures:

- Timber texture - Weathered timber look sleepers - colour is 'Natural'
- Sandstone texture - sandstone look sleepers
- Keystone texture - stackstone-look sleepers
- In addition to the standard sizes, the sleepers can be made to any size (up to 2m) to suit your project.

Features:

- We are a one-stop shop for retaining wall components - we can supply galvanised channels (cut to size) and bolt on fence post brackets.
- For garden edging, request the addition of galvanised lugs to allow securing with star pickets.
- Sleepers can be requested in a 300mm width, suitable for stair treads.
- Use tapered sleepers to create curved pathways
  - o Tapers come in 3 standard lengths - 600mm, 900mm, 1200mm
  - o Tapers come in 4 radius curve sizes - 1.5m, 2m, 2.5m, 3.5m

Size (mm)	Weight kg
900x200x75	30
1200x200x75	40
1500x200x75	50
2000x200x75	66

## GUMNUT GARDEN EDGING

The Outback Garden Edging has the Timber texture of our sleepers in a charcoal colour. The block is 700mm (longest edge) x 125mm wide x 75mm thick. The ends are cut on a 22.5 degree angle. This allows the blocks to be set in a straight row as well as being able to create curves. The angled edge allows the blocks to turn a 90 degree corner with just one block on the diagonal.

\*\* Please note that our products are hand-made and so may vary in size and colour.

\*\* Sealing is standard for all Gumnut products - many manufacturers recommend sealing to minimise marking due to stains and water absorption. 1217
